### Items:

---

- E  
The professor was planning to go save the people of Constantinople. Johnny and Fergie knew he couldn't do it alone so they followed him on the Trolley
- Past
- A  
Johnny and Fergie realize the professor is acting strange, so they go to investigate. Finds out the professor has a time trolley and so they take a trip to Constantinople.
- F  
Johnny got stabbed in the arm with a poisonous spear, and met the man who built the trolley, named Mr. Townsend. Later the poison can into effect on Johnny.
- I  
The professor, Mr. Townsend, and the two boys made it back to the trolley with no success on saving the people..
- H
- G  
they found a cure for Johnny. It wasn't long before the Turkish army would attack. Just then the the army was banging at the walls of Constantinople, trying to break through.
- C  
Fergie made a foolish mistake that he forced Johnny into. The two boys went to topsfield in 1896, but lost the tamper ( Key) to the trolley.
- Present
- L  
The professor decided to throw a party at his house to celebrate their return home. Mr. Townsend decided he would go to topsfield in 1896 because he felt he didn't fit in anymore in the 1950's.
- D  
Fergie found the tamper. They hurried back on the trolley, back home.
- K  
Mr. Townsend, professor and the two boys quickly traveled back home, and this time the professor controlled the trolley. Finally they were home. Home, sweet home!
- B  
The professor wants to save the people of Constantinople from the Turks destroying the city back in 1453. Maybe he can save them.
- J  
Mr. Townsend accidentally pulled random levers in the trolley and they ended up in the middle of nowhere, where leander's tower once stood and Constantinople was gone.
- Future  
They barley travel to the future..
